An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: After Col. 1, line 5, enter the following:

Notice: More than one reissue application has been filed for the reissue of Patent No. 5,229,326. The reissue applications are application number 09/488,099 (the present application) and application number 08/504,943, now RE 36,518, of which the present application is a continuation.

Also, note a Certificate of Correction has been initiated by the Office for U.S. Patent RE 36,518, to indicate a cross reference to this application in RE 36,518 as required by MPEP 1451.

The following is an examiner's statement of reasons for allowance: The Terminal Disclaimer filed on 09 April 2002, has overcome the obvious double patenting rejection, and none of the prior art teaches or suggests the method of making a semiconductor device as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
